Note

Schools are required to provide 1,044 hours of instruction by state statute. With the passage of Senate Bill 727, DESE also provides further funding for schools that are in session for a minimum of [169 days](#). As a result, the number of days we have to make up in the event of a building closure due to inclement weather or other circumstances (i.e., power outage, etc.) would be as follows:

Number of Inclement Weather Days	Changes to the Calendar
1–4	no change in the last day of school
5–9	Alternate Methods of Instruction (AMI) days no change in the last day of school
10 or more	the District calendar will be adjusted
